Make Every Inch of Your Greenhouse Pay

There is no better way to utilize greenhouse space than to plant a gladiolus bulb in each vacant spot in your benches. Many florists have found it to their advantage to plant the bulbs between other plants. You can find much space in which gladioli may profitably be forced, space that otherwise would be waste. The following varieties are particularly soutable for forcing:

America Augusta Ilreachleyenria Chicago White Dawn (Tracy) Delice Europa

Evelyn Kirtland Halley Ida Van Independence Lily Lehman L'Imniacolee

Loveliness Marrie Mary Fennell Master Weitre Meadowyale Mrs. Frances King Mrø, Frank Pendleton Mrø, Watt Myrtle Niagara Panama Peace

Pink Heauty Pink Perfection Prince of Waler Rouge Torch Wilbrinck Willy Wightan

Europa BUY THE BEST GLADIOLUS BULBS The florist cannot fully measure the value to him in buying only the best of bulbs. Quality bulbs are easier to grow and handle and they enable the florist to offer his trade a consistently better product. No better bulbs are grown than those we offer. They are hig, far bulbs-just the kind to produce plenty of flowers. Good & Reese gladidis are the last word in bulb quality.
